Repeat Prescription Procedure

We require 24 hours notice for a repeat prescription

Patients wanting a repeat prescription should telephone the nurse or enquire at our reception in person with their prescription requirements.

Repeat prescriptions are only available if the medication has been previously prescribed by one of our Doctors for a stable condition.

When requesting a prescription please make sure you have enough medication to last another few days.

Patients are advised that there is a fee for this service

Phoning for results

Patients results will be available to their Doctor usually within a couple of days of the tests or x-rays being done. If there is anything of concern the Doctor or Practice Nurse will contact you directly. If you are not contacted but would like to know the results, please phone 889 5126 and select 2. If a Practice Nurse is unavailable they will return your call as soon as possible, usually at the end of the day, or the following day.

Fees:

Current fees are displayed on the front counter.

Payment is required on the day of consultation for all services.

Payment options are available; please see our receptionists for an automatic payment form if you would like to set this up, to keep your account current.
